LIVE AESTHETIC SURGERY COURSE

Plastic surgery & Surgical anatomy

COURSE OBJECTIVES

This full-day didactic course provides the best instructional techniques to achieve optimal aesthetic results. Live surgeries are performed simultaneously alongside cadaver dissections for a step-by-step 360° surgical approach.

The comprehensive anatomical review and use of new technologies are aimed at providing specialists the best training.

Experts will also discuss the latest and controversial surgical procedures and highlight the recommendations of international institutions and worldwide scientific societies.
